

Dr Umar Azam's E-Mails

Volume I - January 2009

Introduction

Monthly volumes of my outgoing Emails have been compiled to make information and knowledge, which would otherwise be 'out of sight and therefore out of mind', available to interested readers.

I have tried to reply to incoming Emails in such a way that, even if the Email I received is not itself presented [the rule has been not to present it unless it was a direct reply; volumes of correspondence will hopefully be compiled in the future; at the moment, it would be too exhausting to *pair* correspondence when selecting from literally thousands of documents] , the reader can still infer from my answer the general gist of the Email I received.

Correspondents' private Email addresses have been deleted but there is no point keeping secret those already in the public domain! Names are not necessarily real names.

The Big Bang between science & Quran

By Magdy Abd Al-Shafy Abd AL-gawad

Every Holy Book must include within its verses definitive proofs that testify to its divine source ; these proofs must fit every generation mentality and in the same time it should remain tact. Among the many miracles of the Holy Quran is the scientific miracle though there are many other miracles that are equally important. Though the Holy Quran revealed in time where nothing but superstition is prevalent on a generous prophet who was unlettered in a place in a desert where only few scattered tribes are here and there ,it is replete with verses that talks about scientific facts that are completely in agreement with what science says. it addresses the human mind through hundreds of scientific verses according to its scientific evolution and its culture thus refuting any claim of atheism or any iota of doubt , it unfetters the human mind and soul that have been long cramped with the unsubstantiated claims of atheism over the span of history. The scientific verses in the Holy Quran reinforce the belief in Allah(SWT) in the hearts of Moslems and show how Great and Mighty Allah(SWT) is and that the whole of the universe is under His control and nothing to escape His will.

Unlike science books that are replete with equations and dry scientific facts , its scientific wording is matchless ,it has emotional impact which leaves its listener willingly submitting himself to his Lord, so exhilarated with his being servant to Allah(SWT) ,it moves barren eyes to tears and softens petrified hearts and fills you with ecstasy. Allah(SWT) says in this regard what means:

If We had caused this Quran to descend upon a mountain, thou (O Muhammad) verily hadst seen it humbled, rent asunder by the fear of Allah. Such similitudes coin We for mankind that haply they may reflect.(59: 21)

And also Allah(SWT) says in this regard in another place:

Say: Believe therein or believe not, lo! those who were given knowledge before it, when it is read unto them, fall down prostrate on their faces, adoring, Saying: Glory to our Lord! Verily the promise of our Lord must be fulfilled.They fall down on their faces, weeping, and it increaseth humility in them.(15:109)

Cosmogonies between Quran and Science .

Among the many scientific miracles that Quran refers to is :

- (1)The big bang
- (2)The gaseous state of the universe
- (3)The expansion of the universe
- (4)The big crunch

Before we talk about these scientific references in Qu'ran , we find it necessary to talk about what science says about these scientific discoveries then listen to what the Holy Quran says in this regard. So how science explains the beginning of creation(The Big Bang).

Before the twentieth century, astronomers could only assume that the universe had existed forever without change, or that it was created in its present condition by divine action at some arbitrary time.

Foremost among the theories that explain the beginning of the universe is the theory of the Big Bang which is the most acceptable one for many scientific reasons , according to this theory , all forms of matters and energy of the observable and unobservable universe were once squashed in a well-closed up mass of infinite heat and density where no laws of physics that we know can apply , then a huge explosion happened leaving a huge ball of radiations and primordial particles and soon a huge cloud of gas was formed and gradually the heat began to decrease and the creation of galaxies began to form.

There are a lot of pieces of evidence, foremost among these are:

- (1)Evidence that the universe may be evolving did not begin to accumulate until the 1920s.Before that time , calculations , studies and observations had begun and it was only before 1929 that the efforts of scientists were crowned by the discovery of the American astronomer Edwin Powell

Hubble ;while he was studying far galaxies through his giant telescope , he noticed that light coming from distant galaxies is redshifted , this means that galaxies are traveling a way from us and from each other at high velocities that approach the speed of light , This has been considered the most important astronomical discovery of the century, in fact the Holy Quran refers to the expansion of the universe as we will show.

(2) Very early in its history, the whole Universe was very hot. As it expanded, this heat left behind a "glow" that fills the entire Universe. The Big Bang theory not only predicts that this glow should exist, but that it should be visible as microwaves (part of the Electromagnetic spectrum) and this is the Cosmic Microwave Background which has been accurately measured and is very good evidence that the Big Bang theory is correct.

(3) Mixture of elements:As the Universe expanded and cooled down, some of the elements that we see today were created. The Big Bang theory predicts how much of each element should have been made, and what we see in very distant galaxies and old stars is just right.

Does the Holy Quran mention the Big Bang ?

Prior to science and more than fourteen hundred years ago , The Holy Quran explains the beginning of the creation of the universe. Allah says in the Holy Quran what means "Do not the unbelievers see that the heavens and the earth Were joined together (sewn together) (as one Unit of Creation and then We unstitched (clove them) and that We made from water every living thing? So will they not believe? (Qur'an, 21:30) "

First, the verse starts with a prophecy that has come true; it states that those who will discover how the universe came into being will be among the disbelievers and that prophecy was fulfilled because those who discovered this fact were not Moslems .The Holy Quran uses just two words to describe all that has been written about the Big Bang and as we will see that these two words are even more accurate than the scientific words. The verse starts with a call to the disbelievers who based their atheism on the claim that universe is eternal to think over again and understand what science-by the grace of Allah(SWT)- will discover concerning the creation of the universe , it emphatically states that disbelievers will discover how the creation come into being , the word " *Will*" means that this will happen in the future ...it is so wonderful that the Quran predicts whom will discover .To those who still suspect the prophethood of this great prophet , we say what benefit can they get by claiming such a thing that time , if it is false claim , can completely raze it to the ground?

On reading the verse again you won't rack your mind to understand its meanings , the holy Quran uses just two words to describe how the universes was created :

Didn't the disbeliever see that the heavens and the earth were (*Ratk*)

The Holy Quran depicts how the universe was like before coming into being and even use a different word other than the word "universe" to depict it as it wasn't a universe yet , The Holy Quran uses the Arabic word (*Ratk*) to depict the universe before being a universe , this word , strikingly , signifies the same description that scientists use when they talk about the universe before being a universe , the Quranic word " (*Ratk*) means in English" *well-closed up mass or elements interwoven together, mixed in each or blended"* . Remember that science says that all forms of matter and energy were squashed in well-closed up mass (singularity point or primarily nebula)

So the Holy Quran and science are in complete agreement concerning the shape of the universe before being a universe. If you still confused about the meaning of the Arabic Quranic word and the words that science uses look at this table.

Quranic word	Meaning in English	Science words
Ratak	well-closed up mass or elements interwoven together, mixed in each or blended"	

The Big explosion in the Quran The Holy verse goes on to say " we (Fatak) The Arabic word" Fatak" means " unstitch , clove asunder , tearing apart or destroying the structure of things that are sewn to one another , and that what science says , science uses the word explosion which gives the same meaning . . The word is used to describe the beginning of creation in the Holy Quran ; it is , along with all its implication , is in conformity with the meanings of the Big Bang . In other words , when we think about the first moments of the Big Bang, we see that the entire matter of the universe was

<p>collected at one single point. In other words, everything-including "the heavens and earth" which were not created yet were in an interwoven and inseparable condition. Then, this point exploded violently, causing its matter to disunite.</p>		
<p>Quranic word</p>		
<p>Fatak</p>	<p>unstitch , clove asunder , tearing apart or destroying the structure of things that are sewn to one another</p>	<p>Explosion</p>

Who told Mohammed these accurate scientific facts that science only reached this century ?!!!
 What benefits could he get by claiming things like this if he is imposter ?!!!
 How can he be sure that science won't come some day to refute these claims , if he had been imposter ?!!!
 These scientific facts that are in the Quran testify to Mohammed true prophethood and testify to the divine source of the Holy and refute the atheistic claims.
 . If that prophet had been imposter or counterfeiter , how did he dare to indulge himself in matters that didn't concern the people of his age?!!!
 Fatak or big bang- which is more expressive?
 Unlike the meanings of the big bang , the Quranic words denote system , wisdom , creativity while the words Big Bang , a term coined by scientists , implies random chaos .
 Here you can understand the miraculous use of the word in the Holy Quran , Allah says in the Holy Quran in this regard what means what means " Say: if the ocean were ink (wherewith to write out) the words of my Lord, sooner would the ocean be exhausted than would the words of my Lord, even if we added another ocean like it, for its aid." (AL-Kahf:109)
 Allah ,also, says in the Holy Quran in this regard what means" And if all the trees on earth were pens and the Ocean (were ink), with seven Oceans behind it to add to its (supply), yet would not the Words of Allahbe exhausted (in the writing): for Allahis Exalted in power, full of Wisdom.

You read the Correspondence on Taweez; the onus is on you to prove the Taweez go against Islam, not on me to prove that they are allowed in Islam. If you can't find any proof, then there is no rule against the wearing of Islamic Taweez.

I have read in Islamic books that it is permissible to go to the lavatory whilst wearing the Taweez as long as the Taweez is completely covered. When committing the marital act, obviously the Taweez must be removed.

SEEING THE FACE IN A DREAM REPRESENTS THE REPUTATION OF A PERSON [IBN SIREEN P. 46]. SO, SEEING THIS WOMAN WITH A BLEMISHED FACE MEANS THAT PEOPLE IN THE LOCAL COMMUNITY THINK NEGATIVELY OF HER CHARACTER. IT SEEMS THAT SHE IS AN ASSERTIVE AND DOMINEERING PERSON WHO TRIES TO CONTROL OTHERS! HER WHITE CLOTHES SYMBOLISE HER WIELDING OF CONSIDERABLE POWER, SO I DON'T THINK YOU SHOULD BECOME ENEMIES WITH HER! DEAL WITH HER DIPLOMATICALLY, NOT AGGRESSIVELY.

Cars represent life. Big cars represent big events. A baby daughter represents the forthcoming year – a happy year. Wedding symbolises happiness. All symbols mean that happiness is coming your way! Congratulations! I think you've had similar dreams before & I've interpreted them the same way!

,As I see it, your dream is telling you that you, yourself, Masha'Allah, are rightly guided [reciting *Subhana rabiul ala*]. For Muslims as a whole, the current year [little boy, pitch black room] means a distressing situation for us [just look at what is happening in Palestine]. Muslims are not following the proper rules of Islam [incorrect sajdah]. Islam is expanding [temples > mosques]. I feel your dream is telling you that you obviously care about other Muslims and that you are aware of the repercussions of our religion at a public level, not just on your own private level.

Recently i did istikhara i had a really confused dream. at first me and some people from school were standing near a swimming pool the colour of the water wsn't the normal colour it was a kind of medium blue colour. then later on there was a room which was pitch black that people were entering, however i did not enter it. then i was looking at some temples from the outside however it felt asif they had been converted into mosques. i was then reading namaz evetything was a rich deep yellow colour there were 2 boys behind me watching one of them was quite small around the size of a toddler and the other in his teens. watching me inspired them to read namaz . i was reading in the forward direction, the younger one did sajdah infront of me but did sajdah in the dirction to the left. the little boy dissapeared and the older one started to do sajdah next to me in the forward direction. we both did sajdah at the same time. i read Subhana rabiul ala out loud 3 times trying to make him say.

please could you interpret my dream for me i dont understand, as there are many differences: water being a darker blue colour, temples, the dark room, and the little boy doin sajdah facing in the direction to the left.

please could you email me back as soon as possible

Wa laikum salam,

I did advise you to forget him if he doesn't want to know you. When we think of situations which make us happy, we often experience dreams relating to that happiness. But it doesn't necessarily mean that the happiness will physically materialise. You're basically living on happy memories. Now, if he's not interested, look for a husband, forget about marriage to him

and move on in life. Your loyalty is to Allah ahead of anyone else. If it's not to be, it's not to be!

Salam, Mubasheera

I think you're unlikely to get the Pansurah Shareef free on the Internet: it's copyright is retained by many publishers, there would be so much Arabic text to put on the Internet; I've also noticed that the newer editions have omitted the Naqsh [numerical Taweez] which is a pity [good job I put them in the PRACTICAL ISLAMIC ADVICE on www.dr-umar-azam.com earlier'. However, now there seem to be more duas in the editions from India . Do a GOOGLE search of *PANJSURAH SHAREEF* and you can get these valuable duas for very little cost – about £3 in UK sterling. So, in my opinion, it's worth spending some money *on this particular book*.

i would like to see some stories / infos on your websites from women in islam i.e. the prophets wifes etc and other info would be useful like a0 kahania, duas for womens, women in islam etc thanks

Salam, Rehmana

Thanks for signing the Guestbook of my Site <http://doctorumarazam.weebly.com> with your 2 comments, one of which is pasted above. You have given me a great idea – a section on links to Sites about Women and Islam on one of my own Websites! But that's going to take time! The GOOGLE search engine is a marvellous facility. I typed in 'Women and Islam' and it gave thousands of links. Now, if you look through just one of the links:

<http://www.islamfortoday.com/women.htm>

you will find that it gives adequate information. But then it gives about 50 links of articles relating to women and Islam! It will take you months to read all this material. *So that's the best way* for you to acquire the knowledge which interests you - use Google and then surf onto the links! If I made the sections you recommend, I would only be duplicating what's already available on the Internet, anyway! That's why I hope to have a LINKS section only. And, incidentally, that's why I'm specialising in the field of research into Islamic dreams- especially my own- because the information and knowledge is unique - not duplicated or available elsewhere on the Internet! 'Dreams' is a topic in which there is a dearth of Islamic knowledge - especially of the dreams of ordinary Muslims like me [the dreams of the Prophets Muhammed, Yusuf, Daniel {Allah's blessings be on all of them} are well-published, though].

Thank you once again for your highly intelligent suggestion!

I think this is a brilliant article that I decided to post it on my blog. It is a MUST READ for all girls and ladies (of course for guys, it would be a very good read, too). Thanks Hanis for bringing this up.

A letter from a Christian to Muslim women

March

7th,

2007

By

Joanna

Francis

Writer, Journalist - USA

Between the Israeli assault on Lebanon and the Zionist "war on terror," the Muslim world is now center stage in every American home. I see the carnage, death and destruction that have befallen Lebanon, but I also see something else: I see you. I can't help but notice that almost every woman I see is carrying a baby or has children around her. I see that though they are dressed modestly, their beauty still shines through. But it's not just outer beauty that I notice. I also notice that I feel something strange inside me: I feel envy. I feel terrible for the horrible experiences and war crimes that the Lebanese people have suffered, being targeted by our common enemy. But I can't help but admire your strength, your beauty, your modesty, and most of all, your happiness.

Yes, it's strange, but it occurred to me that even under constant bombardment, you still seemed happier than we are, because you were still living the natural lives of women. The way women have always lived since the beginning of time. It used to be that way in the West until the 1960s, when we were bombarded by the same enemy. Only we were not bombarded with actual munitions, but with subtle trickery and moral corruption.

Through

Temptation

They bombarded us Americans from Hollywood, instead of from fighter jets or with our own American-made tanks. They would like to bomb you in this way too, after they've finished bombing the infrastructure of your countries. I do not want this to happen to you. You will feel degraded, just like we do. You can avoid this kind of bombing if you will kindly listen to those of us who have already suffered serious casualties from their evil influence. Because everything you see coming out of Hollywood is a pack of lies, a distortion of reality, smoke and mirrors. They present casual sex as harmless recreation because they aim to destroy the moral fabric of the societies into which they beam their poisonous programming. I beg you not to drink their poison. There is no antidote for it once you have consumed it. You may recover partially, but you will never be the same. Better to avoid the poison altogether than to try to heal from the damage it causes.

They will try to tempt you with their titillating movies and music videos, falsely portraying us American women as happy and satisfied, proud of dressing like prostitutes, and content without families. Most of us are not happy, trust me. Millions of us are on anti-depressant medication, hate our jobs, and cry at night over the men who told us they loved us, then greedily used us and walked away. They would like to destroy your families and convince you to have fewer children. They do this by presenting marriage as a form of slavery, motherhood as a curse, and being modest and pure as old-fashioned. They want you to cheapen yourself and lose your faith. They are like the Serpent tempting Eve with the apple. Don't bite.

Self-Value

I see you as precious gems, pure gold, or the "pearl of great value" spoken of in the Bible (Matthew 13: 45). All women are pearls of great value, but some of us have been deceived into doubting the value of our purity. Jesus said: "Give not that which is holy unto the dogs, neither cast your pearls before swine, lest they trample them under their feet, and turn again and rend you" (Matthew 7: 6). Our pearls are priceless, but they convince us that they're cheap. But trust me; there is no substitute for being able to look in the mirror and seeing purity, innocence and self-respect staring back at you.

The fashions coming out of the Western sewer are designed to make you believe that your most valuable asset is your sexuality. But your beautiful dresses and veils are actually sexier than any Western fashion, because they cloak you in mystery and show self-respect and confidence. A woman's sexuality should be guarded from unworthy eyes, since it should be your gift to the man who loves and respects you enough to marry you. And since your men are still manly warriors, they deserve no less than your best. Our men don't even want purity anymore. They don't recognize the pearl of great value, opting for the flashy rhinestone instead. Only to leave her too! Your most valuable assets are your inner beauty, your innocence, and everything that makes you who you are. But I notice that some Muslim women push the limit and try to be as Western as possible, even while wearing a veil (with some of their hair showing). Why imitate women who already regret, or will soon regret, their lost virtue? There is no compensation for that loss. You are flawless diamonds. Don't let them trick you into becoming rhinestones. Because everything you see in the fashion magazines and on Western television is a lie. It is Satan's trap. It is fool's gold.

A

Woman's

Heart

I'll let you in on a little secret, just in case you're curious: pre-marital sex is not even that great. We gave our bodies to the men we were in love with, believing that that was the way to make them love us and want to marry us, just as we had seen on television growing up. But without the security of marriage and the sure knowledge that he will always stay with us, it's not even enjoyable! That's the irony. It was just a waste. It leaves you in tears.

Speaking as one woman to another, I believe that you understand that already. Because only a woman can truly understand what's in another woman's heart. We really are all alike. Our race, religion or nationalities do not matter. A woman's heart is the same everywhere. We love. That's what we do best. We nurture our families and give comfort and strength to the men we love. But we American women have been fooled into believing that we are happiest having careers, our own homes in which to live alone, and freedom to give our love away to whomever we choose. That is not freedom. And that is not love. Only in the safe haven of marriage can a woman's body and heart be safe to love. Don't settle for anything less. It's not worth it. You won't even like it and you'll like yourself even less afterwards. Then he'll leave you.

Self-Denial

Sin never pays. It always cheats you. Even though I have reclaimed my honor, there's still no substitute for having never been dishonored in the first place. We Western women have been brainwashed into thinking that you Muslim women are oppressed. But truly, we are the ones who are oppressed; slaves to fashions that degrade us, obsessed with our weight, begging for love from men who do not want to grow up. Deep down inside, we know that we have been cheated. We secretly admire and envy you, although some of us will not admit it. Please do not look down on us or think that we

like things the way they are. It's not our fault. Most of us did not have fathers to protect us when we were young because our families have been destroyed. You know who is behind this plot. Don't be fooled, my sisters. Don't let them get you too. Stay innocent and pure. We Christian women need to see what life is really supposed to be like for women. We need you to set the example for us, because we are lost. Hold onto your purity. Remember: you can't put the toothpaste back in the tube. So guard your "toothpaste" carefully!

I hope you receive this advice in the spirit in which it is intended: the spirit of friendship, respect, and admiration.

A pigeon is a woman - perhaps a wife or a daughter. When there are many of them, pigeons symbolise children. IBN SIREEN [R.A.] P. 100

A lavatory/bathroom symbolises grief; many of them would symbolise many instances of grief.

Rice symbolises problems with livelihood: money earned after hardship.

So your dream suggests that you have had/are having problems with your job and financially looking after your family.

May Allah sort out all your problems and give you success and happiness. Ameen!

I' m v. touched by your concern for my health and circumstances.

Allah has given me dreams that money and fame will be coming my way, Insha' Allah. Both are important because I can use them to make much further progress in my Islamic work. For example, I need thousands of documents typing before they can be put on my Sites. But I can' t afford to delegate the work to a professional secretary because the cost will come to many thousands of pounds. Also, I can' t afford to travel to various places within the UK and stay in hotels etc. overnight, so my work is restricted. Having said that, I don' t feel that I' d be able to travel to e.g. Oxford University [from Manchester] just yet because of the allergy problem.

But recent dreams that I' ve been having [I see myself taking a shower] have beenb telling me that these problems will be terminated soon. But there are sure to be fresh challenges - after all, this duniya is not Jannat!

Salam, Br Amr Sabawi

Sorry to get your name mixed up. You did tell me your name in your first email but I was so busy emailing the Holy Quran that I didn't read your message thoroughly.

I have read through your 3 dreams and I admire your righteousness. Masha'Allah, you are a pious Muslim and this is reflected in such excellent dreams.

I have 2 books of dream interpretation at home:

DREAMS AND INTERPRETATIONS by Ibn Sireen [R.A.]

AUTHENTIC INTERPRETATIONS OF THE DREAMS – According to Quran and Sunnah by Dr Ahmed Fareed

From these books, I gather that, generally speaking, *specific* details are not significant e.g. ‘I was holding my stuff and I don’t know what’s in my stuff.’ What is important are the symbolic concepts e.g. in your

FIRST DREAM

room [darkness] gold [falsehood/liar] darkness [misguidance]
Allah/Angel/Muhammed (Pbuh) [righteousness]

The dream is telling you that people may seem to be misguided but, inwardly, they’re religious, so don’t think negatively of fellow Muslims.

SECOND DREAM

It is a Hadith that whoever saw the Prophet [S] in a dream actually saw him because Satan cannot assume the form of Muhammed [S]. Also, whoever visits the grave of Muhammed [S] is guaranteed his intercession on the Day of Judgement. So, your dream is telling you that you are a very religious person and you wish that you could help brother and sister Muslims when they are in trouble e.g. the Palestinians, for the sake of our religion.

THIRD DREAM

The moon represents a minister [political ambassador] and to take possession of the moon means to become a minister *Ibn Sireen p. 20*

I should think the Prophet Isa [A.S.] represents Muslims striving for the success of Islam in the political field and victory in the face of repression. Isa [A.S.] will return to the Earth near Qiyamat to fight the evil of Dajjal.

Your dreams show that you are aware of the political circumstances of the Muslim Ummah and wish that you could help to solve the many problems embodied in contemporary world events.

Br., your dreams are v. complicated but I've had a go at interpreting all 3 of them. Whether they are interpreted absolutely correctly, only Allah knows but I've tried my best.

Xiz Zor wrote:

Hello Dr Umar Azam,
My name is Amr Sabawi. Not Xiz Zor...sorry for silly name, hehe and mailing from Australia. ok this dream happened few months ago. Here the detail of my dream:

i was holding my stuff but i dont know whats in the my stuff.
i was walking into somebody's house named Yusuf and the house was empty. (I dont know whos Yusuf)
i decided to go Yusuf's bedroom...His bedroom was also empty, the room was dark.
then suddenly there something which gave me an attention gold shining on the table.
i walked to there...and when i looked at something that was shining it...it was a picture of Prohpet Muahmmmed's (pbuh) grave gate or door...i was amazed when i looked at it and i put my stuff on the table and took the picture.
then i heard the voice and it was allah said that and He said "put the picture back".
and i looked at the picture and i know the picture isnt belong to me.
so i put the picture back and about to leave the room then allah said "take ur stuff and leave"
I took my stuff and left the room. I went to other room and i saw my brother and one of my cousin talked so sinful (as in dirty words). Then i woke up. Thats it.

i noticed about what Allah spoke to me , but i believe it was an angel spoke to me. Beacuse what i believe Allah swt only speak directly to angel to give message to human. I dont really know. Please correct me.

Another dream i had few months ago. Here the my other dream detail:

There was once a time a huge war. As like there was a World War. And yes i was on light side. Islam follower. Then we had not much muslim people. So i decided to run and run as fast as i can and saw Prophet Muhammed's grave. I decided to dig out his grave and saw Prophet muhammed's body...and i decided to pull him out and carried him to somewhere in a safe cave. Me and my sister washed Prohpet Muhammed's body with water and suddenly his eyes awake. Then Prohphet Muhammed become so white, bright as new and shiny white Jalabya. His face was so beautiful. He has not so long black hair, and the hair is striaght. He looked young and short beard as in trim his beard.
I asked prophet Muhammed a question "what are your religion?"
He said "Just like your deen brother"
Then i felt so happy, I hugged him so much, and we both laughed.
I asked him to help me out with war and he instructed me. (as like where to position and where to get men on their position, hide etc)

Then i woke up.

When he said to me "Just like your deen brother" i wasnt really fully follow sunna. All i did was prays, Dua and read quran. I didnt do exacly as what Prophet Muhammed did.

One last dream. That dream was pretty powerful. happened 5 years ago. Here the dream detail:

I was sitting with muslim people on a bench, we all talked and so. I was bored and looking at the full moon. Then when i moved my head down looking at grass and mountains and look at moon again but the moon wasnt there! so i tried to find the moon and found the moon. I noticed moon heading down so fast. I shouted at muslim people and told them to look at the moon. Everyone shocked, and I said to them "lets follow the moon where it'll be going to land it" Everyone agreed, We ran and chased the moon.

Suddenly we stopped with our eyes wide open. We saw Prohpet Jesus decensing from the sky. I felt the force, air push and made me feel chill.

Prohpet Jesus was walking toward us. His face was white. His colour hair was brown and long hair and wet (as like he was just in a shower) His face looking at the ground with not a happy face.

Then i woke up

I got a question to ask you: Why i couldnt see his beard?

Thank you for your time and patience.

Kind Regards.

In Islam, obedience to parents is the same as obedience to ALLAH Most High. Now, if he has to start loving you only by rebelling against his parents, that can't be correct or Islamic. Therefore, no wazifa is going to help promote rebellion and evil. You must let circumstances develop naturally. If he is destined for you, you will marry him. If not, leave it! Because, if you try to

force the situation, the marriage will turn out to be a Hell anyway and then you'll wish that it had not happened after all!

A Hadith of the Prophet [S] is that if a male asks the parents for the hand of a female, and his character is fine, her parents should agree, or there will be corruption in the land. So Mazhar should propose and your parents should agree.

Regarding the second bit, taking a guess, I think the words in your mother's dream are forecasting 3 possible proposals for you. But, even if the third one does materialise, Mazhar will be the best for you since he proposed *first*.

I don't think your dream is very negative. Seeing milk in a dream means doing good deeds. It could be that your marriage will bring you extra money and then you will spend much more in charity. I suppose you weren't troubled by anything to do with marriage in the dream - more to do with the unfortunate plight of the poor in the dream.

Wa laikum salam, Rabia

This is what I believe your dreams are telling you:

Your first dream

Death in a dream signifies the END OF A PHASE in your life. To read the 1st Kalimah Shareef means that you are rightly-guided in matters of our religion. Seeing the paramedics suggests healing of problems that have been plaguing you; because you died, so too will these difficulties. Good thing, too!

Your Second Dream

Seeing the Holy Quran means the same as reading the 1st Kalimah Shareef - that you are rightly-guided in matters of our religion. The Muslim boy picking up the litter suggests that you will be respected by others after your life has been decluttered of problems.

How are you Dr. Azam Jazak Allah Khair for sending me the attachment with the Quran

i have two really important dreams could you please translate them for me, sorry i know i ask you alot to translate them.

well my first one is that

i was in my grandmas kitchen near the back door and the fire alarm beeped really loud. however everyone just ignored it. i think i then collapsed i saw paramedics running round me quite fast could hear anything it was quite blurry then. there was no one crying either. then my body just froze- i then knew i was dying. it was hard to say it but i read the 1st kalimah in my heart and slightly moved my lips. i then psychologically went to another world. it was black but peaceful quiet. in the dream i didnt see and hear anyone in distress i only saw the faces of the paramedics.

sorry but the other dream.

i was reading the Quran. the cover of the Quran was blue i then went outside near the stairs of the school canteen. this muslim boy whos in most of my lessons was walking past. i was holding the Quran out in front of me. he walked past a picked something up from near my feet it was a white tissue (rubbish) and he moved forward and picked up some more rubbish. he was going round picking up rubbish.

im really sorry but i really want to know what they mean :) could you please translate them for me .

thank you so much may Allah (swt) help you and suport you in every way

plz could you email me back as soon as possible thank you

“To recite the Fatiha or part of the Fatiha means to make supplications which will be granted, to bring a project which you have to heart to a good conclusion.....The Prophet [S] recited: *Praise belongs to Allah, the Lord of the Worlds* [i.e. the Fatiha] before addressing his supplications to Allah and after having addressed them to Allah.”

Ibn Sireen [R.A.] p. 111

“Whoever dreams that he is reading Surat Al-Fatihah, it is interpreted that Allah will bestow His Bounties upon him.”

Fareed p. 84

So, congratulations! This is a marvellous dream to have!

There are entries for 'death' in the dream interpretation books I have but not for 'shroud'. However, I have done a GOOGLE search for you and got the following information: To see a shroud in your dream, symbolizes death or the end of something. Alternatively, the dream indicates that you are trying to hide or suppress some emotion or aspect of your life that you are not ready to confront.

Asalaamualaikum,

I don't know if you still remember me, I always keep on sending you the dreams I see or any of my friends see. And I thank you for your kind co operation regarding translating the dreams. Two days back I saw a dream near to Fajr salah, I saw that my father was being shrouded, by a person who works in the mosque to keep it clean and he is a religious man, and I was also present there in the dream. First he shrouded him from his feet to navel I think and then he was shrouding him above the navel and I can see my father's chest only and everything else is shrouded and I see that my father is telling him that it a bit tight there near the chest coz my father has a broad chest and then he makes some adjustments to it by making cuts on the shroud. My father is alive in the dream but still he is shrouded and it seemed to me that he knew what is going on and he was still at ease.. Then I woke up from the dream. Can you please translate it.. Thank you again.. wa salaam..

Subject: Re: Dreams

Wa laikum salam & Eid Mubarak, Mir

Thank you for your E-Mail.

Regarding the First Dream

Two salats in a dream imply discord/conflict/disharmony between people.

Your friend has problems and is being tested in life [thirsty] but he will stay on the right path in the deen (religion) [symbolised by his drinking of water].

Thirst symbolises shortcomings in one's deen. To dream one is thirsty and wants to drink without managing to do so heralds the ends of sorrows, because it says in the Quran about Saul, 'Allah will test you by means of a river. Anyone who drinks from it is not with me.' [2 : 249]. But some think this dream means simply to not realise desires. To drink cold water means to gain lawful money. To slake your thirst with water is a sign of soundness of your deen, rectitude and religious orthodoxy. Ibn Sireen Dreams and Interpretations (R.A.) p. 137

A flood symbolises an attack by the enemy [physical or emotional?] p. 26

Regarding the Second Dream

The agitated sea symbolises fear, cares, catastrophe. The water being clear/pure/approaching them points to a cure. The fact that he was with two others suggests help and support for him from within the community.

To wash oneself in the river or the sea without feeling fear or humiliation signifies administering a cure to oneself. p. 28

If the water of the sea is agitated, the dream heralds fear, cares and catastrophes. p. 29

I hope this mail is useful.

If he rebels against his parents, the marriage is not to be recommended is what I pointed out. Use the Taweez in PRACTICAL ISLAMIC ADVICE on my Site www.dr-umar-azam.com and read the Duas too.

Read the Duas from PRAYERS IN ISLAM on this same Site.

Salam, Dear Br

Not everyone in the west or in the UK is rich. There are a few v. rich people and the others just survive! I myself have had severe financial problems over the last few months [honest to God!], so I can't help you. Have you tried any organisation such as an embassy, charity etc.
