Wa laikum salam, Mir

If your father dies in a dream, that means some phase of life associated with your father has ended. It is interesting to note that in his book *Authentic Interpretation of Dreams: According to Quran & Sunnah*, Dr Ahmed Fareed gives a different interpretation of death in a dream:

Dreaming that one dies and is placed in a grave may be interpreted that he would go on a long journey, as Allah [SWT] has said:

THEN WE CAUSETH HIM TO DIE, AND PUT HIM IN HIS GRAVE.
THEN, WHEN IT IS OUR WILL, WE WILL RESURRECT HIM AGAIN.
[80, 21-22] p. 52

But, according to Ibn Sireen [R.A.] in his book *Dreams and Interpretations*:

To see a dead person die a second time, unless his death is not accompanied by tears nor laments, means that one of his descendents or one of his parents will die. P. 61

I note that you say, “we were not mourning”. But no interpretation is given in Ibn Sireen’s book [R.A.] for dying a second time if there is no lamenting!

So the dream, as you have heard, may well mean that a close relative is going to get married and it will be a good marriage, though I can find no reference to this in the two books that I mention.

Dreaming of hospitals means that, thankfully, your health problems will begin to disappear.

“Running away from someone” and also “going through narrow things” represent trying to surmount difficulties and challenges in your life, probably pertaining to career and livelihood matters.

However, you will, Insha’Allah, eventually be successful, as represented by “climbing stairs” which symbolise promotion and progress [I myself frequently, Mash’Allah, dream of the same things too – i.e. being treated in hospitals – I had this very dream last night- and climbing stairs –dreamt the night before!].

Mir Danyal <mir_danyal@hotmail.com> wrote:
Salaamualaikum,

Brother I think the dream must not have any meaning maybe, coz I didn't see my father dying and I saw him being shrouded. And it was really a very short dream. Thank you for your kind reply. I don't know if it's appropriate to ask you for translation of some more dreams. I saw once that my grandfather (who is already dead) was dying again and me and my brother were watching him die but we were not mourning, I read it somewhere that it means that a close relative of him is going to get married and it will be a successful marriage, is it true? And the second thing is that I'm dreaming about hospitals sometimes now, and sometimes I see that I am running from someone and going into some house and climbing the stairs or sometimes going through narrow things in the house to reach the top.. I don't know what they mean.. I thank you again for helping me all the time.. Have a great day..

The position of Islam is that even one drop of alcohol is haram for a Muslim to consume. The following verses from the Holy Quran make it clear that alcohol is forbidden for the Believers:

Surah 2, Verse 219

Surah 5, Verse 90

You can read the English Translation of the Holy Quran from the QURAN EXPLORER link on www.dr-umar-azam.co.uk and you can download its Attachment from: <http://dr-umar-azam.weebly.com>

Dear All

As its well known to all of us that consuming alcohol is prohibited in Islam but I have an european friend who has converted to Islam from Christianity who says that its only prohibited in Islam to consume alcohol to the extend if one loses his senses otherwise consuming a small quantity which does not effects the sense of an individual is not prohibited.
I read somewhere that it was cleared in 3 steps in the Holy Quran that consuming alcohol or anything which makes a person lose his control over himself is prohibited, can anybody send me the exact reference from the Quran so that I can show my friend and convince him.

Thanks

<http://doctorumarazam.weebly.com>

Thanks for giving me the idea of having an Urdu MP3 Lectures section on one of my Sites. If the technical features [alignments] are compatible, such a Section may well give a home on the Web to your admirable Islamic audio library.

So, for starters, will you send me one Urdu lecture file and I'll put it on one of my Sites and then do the testing by opening the file to see if it *will* open and whether visitors will be able to use it [judging from some of my unpleasant web-building experiences of the recent past, it can be very frustrating to add new content and technical features –such as graphics- onto websites!]. If everything functions correctly, then I will definitely request the rest of the files from you.

Br, I am grateful to you for this perception of a new idea and await the first Urdu lecture file.

It's very hard to interpret your dreams exactly because they don't specifically fit the categories of the dreams interpretations books *precisely*. But all 3 are similar to one another and I've had a go at interpreting them!

1] A well symbolises the capital or salary of a man. Ropes symbolise help and assistance. A green area symbolises prosperity and happiness. Si it seems that you will be aided in some way to get more money and this will lead to a higher quality of life.

2] A book symbolises your destiny; in this case, the meaning is that, in earlier stages of your life, you were overwhelmed by events. But, in the later part of your life, your belief in God will get stronger and you will be even more rightly-guided.

3] A dug grave represents that you will build a house at the place where the grave is dug in the dream [Ibn Sireen R.A. p. 61]. Trees represent the character of men - so your seeing a lovely tree with light-green leaves means that you are a good person.

Respected Dr Umar Sahib
As lam Alekum

This refers to my previous mail & your reply , I would like to let you know that ; there has been happenings with us which could be co-relates with our dream as stated below:

Although the treatment came to an end but the cry in dream came into happened in a way that for a month or so we could not find appropriate treatment solutions besides visiting several doctors etc and its actual treatment yet to be commenced after a lapse of about Two months !!!!. (I suppose this is outcome of our cry)

Untill recently I saw Three dreams which would like to share with you and may seek your interpretations.

1) I saw deep well like place where I am hanging with rubber ropes and intend to find smooth place to land & one of person (Unknown) sitting above is advising me to go down when I start moving down with help of ropes soon I can see a smooth land a side &

also see some green area.

2) I saw a book written in my mother tongue .Someone is reading its initial page very fast which i can not understand but at Last i can see with bold letters a **Kalma e Tayyaba** which remains some time in fron of my vision.

3) I can see a Garve Yard which appears to me very holy where one grave is just excavated and idle the mud of whole grave yard seeb with dark brown clay and soon after seeing it i can see ;ight Green leaves trees for some time.

I shall appreciate if you can read them carefully and make appropriate interpretation.

Death in a dream represents the END OF A PHASE OR A SITUATION. Now the fact that it is the Doctor Sahib passing away means that the situation WITH HIM is going to end. This could mean that the therapy has been discontinued as you say or that the new situation/treatment may not be as satisfactory for your wife. I can't say much more because I don't know the exact circumstances but your wife's crying and not being sure about medicine is not a good omen. Let's hope that it's an 'inverse' dream that has the opposite meaning!

Tariq Mahesar <tmahesar@yahoo.com> wrote:

Respected Dr Umer Sahib

I really appreciate your prompt reply and thank you so much for your help . I was looking for appropriate person and seeking contacts to help me in this respect and your kind guidance in this respect would be very helpful.

Prior to narrate my dream, I would like to let u know briefly about our prevailing circumstances. Actually few months back my wife is diagnosed with cervix Carcinoma (Cancer) , Doctors suggested Radiation therapy but my wife was not willing for it therefore sought alternative therapy from one of Homeopathic Doctor and his therapy remained continued till this dream and now discontinued.

My Wife Dream (Earlier).

She saw that we are going to gather and passing through a place where that Homeopathic Doctor's clinic exists (though that location seems different than his true clinic which is in

his house in fact) so I am asking my wife to stand here let see if doctor is here to say salaam to him. I took step forward and upon my inquiry if doctor is there someone informed me that Doctor sahib is **passed away!** to hear so I silently cry and re-informed to my wife while coming back to her.

My Dream (Few days Later):

I can see two plumbing workers doing their job on galvanized pipes and I am just talking with them regarding their work (Which I do not remember, What I spoke to them exactly) both of them are standing just near to our apartment building, immediately I saw my wife coming out and crying loud .I asked her the reason and she informed me that her Doctor is **passed away** , now who will give her medicine and some how I can see rear side of photo frame perhaps she has taking photo of doctor too.

Summary:

In the both of dreams significance appears a death of Doctor who is treating my wife and the dream is seen both of us in way that when she saw I was crying and when I saw she was crying.

Dr Sahib I would be grateful if You please help in this respect.

A bus stop kind of place represents a stage of your life. A gun represents enmity. So it seems that -perhaps amongst your relatives or friends- you have enemies who don't want to see you happy i.e. marry the man of your choice but others -the elders- are full of goodwill for you. I think you can interpret this dream just by using common sense!

Good question! We can't eat haram products but I think it would be taking it a stage to far to say that we are not allowed to consume halal products at places where non-halal products are prepared. There is no Islamic dietary law against this. But if there is a reason for you to suspect cross-contamination [vegetarian dishes fried in the same oil as non-halal meat eg pork] or the place is obviously not suitable [eg buying something from a stall where rat meat is being sold in Hong Kong] then it is essential to avoid the place. Some of our Muslims would argue it's best to refrain completely - be safe, not sorry! I wouldn't disagree if I got the gut feeling that the place wasn't right!

I've sent you the Holy Quran Attachment in a separate email.

Death means the end of a phase associated with the person you see dying. IYour youngest sister could be getting engaged and married and leaving the house i.e. dying because she will no longer live in the parental home. Crying in a dream can actually represent joy!

Regarding your uncle, the way he deals with you will change i.e. he may become hostile if friendly or vice-versa. See also the following link:

tell me abt these dreams:

i saw some mixed up dream, i was in pakistan, and i was crossing the road, so beside me was all garbage. I wanted to take a side, meanwhile a guy with donkey was also crossing the road, so I just moved a step to let him cross first.

then i crossed the road... i saw my dad, elder sis, bro.. all were trying to find my youngest sister,...

then scene changed.. i saw I crossed the same road ... my youngest sister in white cloth(as kafan), but she looked like she was 4-5 years old(but in real she s 17 yrs)

so i shouted her name... , i also listened my elder sis voice as she was cryin in the loud voice,

I keep shouting her name, then i saw my youngest sister she opened her eyes, but i was continuously shouting her name, and loudly praying to allah , please let her wake up... i know You will not do this to us...so my youngest sis opened her eyes but her eyes lookd so bigger in size and a little weird.

then I saw she was closing her eyes again... dream ended.

I woke up... that whole nite i was prayin in my bed... May allah give a long life to all of my family as i got afraid ...

same nite.. i saw another dream...

i saw I was in my cousin's home.. someone told me that my mother's bro has been died....

em jus worried...!

wat is the interpretation for above 2 dreams?

and also when we saw sum1 died in dreams what does it mean? can u tell me in detail, with some islamic references.

I guess now you will remember me as I always keep asking you about my dreams.

so yesterday night i dreamt:

I saw i was leaving for hajj, with my mom & youngest sister. my father & some of the relatives were in home.

my father was a lil worried dat we all were going for hajj.

so i saw we left for hajj, and there was very rush and conjested place (as always in hajj)& i was taking care of my mom & youngest sister, i saw many peoples in white dress i dont remember dat dress was ehraam or wat...

i havnt seen anything else like kaaba or any other thing.. i saw only that we all were jus walking nd going somewhere.

then i saw we all reached home back safely after hajj.. i was tired & i hugged my dad as i have returned from hajj.. and all of my relatives.

but I didnt shake hand with my male cousins as i thought it was a bad thing.

then i woke up.

Many Thanks & Regards,

Some dream interpretations can be worked out just by using common sense. It's obvious that your Managing Director has an evil pleasure from wielding power [anger, evil stare in the dream]. The fact that he didn't speak to you in the dream means that there is a lack of communication between you and him. You need to ask him, if possible, what he doesn't like/approve of you/your behaviour [if you don't know, you can't correct it!].

My guess is that you help your mother with your earnings so it will affect her if you are dismissed from your post. I think that your mother's words in the dream mean that the MD will change towards you after you both communicate. You need to find out what he wants and then implement it ['bring it' – as one of the ladies came and asked you in the dream].

My advice is: be pleasant and polite to the MD and don't confront him; just be friendly and make it clear to him that you will do whatever is required – if only you know what it is!

Many personal dreams are very narrow, personal and specific, so an interpretation cannot always be found from dream interpretation books! I'm glad that you made me aware of your personal situation so that I could then work backwards and interpret your dream using common sense and my opinion based on the context of your problem.

Dear Sir

Aslam Alekum

This refers to my previous mail, I appreciate your reply and effective guidance which I am using /reciting hekals & keys as suggested.

However, I have one another dream for which I need your interpretations. I shall be highly grateful. I do ask because I found you my source of inspiration & guidance may Allah send blessings on you.

I am working in the oil company since last many years and presently our Managing Director having not good liking for me therefore I am posted at a place which is out of my civil engineering profession and no significant assignments to me/ hence my dream pertains to it.

Dream:

" I can see many people sitting around for an occasion and there is no chair vacant to sit but only available vacant seat was beside our Managing Director, so I choose to sit there, after a little while I can hear big respiratory sounds of my managing director with anger

when i turned my face to him observed being very angry on me as why i am sitting beside him so relaxingly? keeping in view i changed my sitting behavior to be submissive even than he remained uncomfortable. while sitting there one of lady came and ask me to bring something and later i see my mother asking me about our manging director standing far from there that who is this man in your company? i replied he is our big boss.she said : perhaps he is angry with u and i have requestedhim to be ease with u"

while during the whole episode my MD did not spoke to me neither i had any word with him.

kindly interprate for me as this dream was so vivid and also important for me.

Thanks for your question. I should think that you can chat to a male on the Internet if your intentions are pure and your parents are aware of it. However, the Prophet [Pbuh] has said that when we are unsure of a course of action, we should follow what our Ruh feels. So if, at any time, you start to feel guilty, it will be a warning sign to stop.

PS As a male, I think your 'frost foot' E-Mail address is rather personal and should be changed.

Can you take a look at my new Site <http://dr-umar-azam.weebly.com> and use it?

I've sent you the Holy Quran Attachment and details of my Websites in a separate mail.

Do you mind filling the SURVEY FORM FOR PRACTICAL ISLAMIC ADVICE on www.dr-umar-azam.com again but this time with your detailed comments? I didn't read any comment last time.

If possible, sign the Guestbook on each of my Websites with your comments

regarding content on that particular Site?

Your comments are important because I'm collecting what readers have to say and often I get new ideas from the remarks e.g. one suggestion was to add a "Search this Site" widget and another was to have an "Urdu MP3 Bayans on Islam" section. What would you like to see? How do you think the Sites can be made even better?

Many congratulations on performing Umrah and Hajj - you are indeed lucky and blessed to have gone to Holy Makkah twice!

Both you and your Messenger contact are correct in their own way! There is no doubt that *any* Muslim can pray to Allah Most High directly, without the need for an intermediary. That concept is absolutely clear.

However, the Prophet [S] provides a safety net of rescue from Hell. Allah doesn't *have* to accept our good deeds and can send us to Hell for even a single misdeed. If, N'Auzbillah, Allah does decide that a Mu'min has to go to Hell, then the Prophet [S] will bow his head and Allah will say: Raise your head, O my beloved, and ask! Then the Prophet [S] will say: Allah, for my sake, forgive such-and-such, for he sent blessings on me in the world. Also, the Prophet [S] has promised to interceded for the one who visits his rozaa in Medina Shareef [of course, intercession will only be possible if the sinner has not committed any of the major sins].

So I think your Messenger contact has not been able to explain these details of our religion to you adequately.

I would say that Dua must be offered both at Baitullah and Masjid Nabawi and, in fact, at our other religious places such as the

Dome of the Rock Mosque in Jerusalem . We are not allowed to say that we can only offer prayers at one place and not the other because they are all holy, even if the Ka'ba is the holiest.

I hope this clarifies the religious position regarding the confusing debate that you had with the contact.

hmmm.....i m glad to see ur reply so soon!

Now i ll proceed my story

There is a man in my messenger who is expertise in web development.As i m a student of computer engineering i have added that man for the seek of gaining knowledge but my aim was left behind i gain a little bit about adobe shop software but didn't reach to web development.

Then one day i was talking to him i guessed that he believe in Peer O Fakeer etc i confirmed n he admitted, i guess u know about Peer.

n he told me he wanted to perform Hajj vid his peer sahab at that time i have been to umrah n i suggest him to let ur parents accompany vid U when u left for Hajj as its a big reward for U that u give them opportunity to perform Hajj on ur expense.

Then Allah Almighty has blessed me vid a big owner n within one year of performing ma Umrah i was called out by Ma Great Lord for performing Hajj.

I m very thankful to Him that He bestowed me vid this big honour.

I haven't talked to that man after ma umrah so much bcuz i avoid talking to man but b4 departing for hajj i send message to all ma contacts to forgive me if i ever have hurt ya.....

on that day he said me congrats n realized me that how lucky m i that i m going again to that Holy place.He said pray for me at Roza-e-Rasool.I said

not in front of Khana Khabba well he said no in front of Roza-e-Rasool.
He also added that he loves alot vid Holy Prophet(S.A.W.W) n do watever his
peer sahab told to him

When i came back he said do ya pray for me in front of Roza-e-Rasool.
I said no....

but I prayed alot for U in front of Baitutllah also in Madina i have prayed for
him but wanna add here one thing that v have to ask for our supplications to
Allah Ta'la not vid adding refrence of Holy Prophet(S.A.W.W) as he himself
ask his supplications direct to Allah Ta'la so v also did same as our Holy
Prophet(S.A.W.W) did.n i believe in supplications alot if u r pure n ask for
our supplications vid pure heart to Allah Ta'la He ll always listen to us.

Now i started delievering lecture to him about supplications n all stuff that
believe in One Allah dun believe in others but he didn't pay any heed towards
ma lecture n keep on saying tell me howz ur first sight experience all other
talks are foolish then i said these r my personal feelings i m not going to tell
it to U...n i quit

he said i have submitted my application as a cleaner for Madina i said y dun u
opt Baitullah as a cleaner.....he said ma peer sahab give me suggestion for
Madina.

but the matter is that i want him to learn something good dun opt those
works which r included in BIDADAT....

but my teachings were left behind i haven't told him something good nor i
have learnt anything from him.

I just give him pray that Allah ll inshallah call ya bcuz i believe in ma prayerz
that Allah ll always listen to His mankind.n then i said Allah ll also give u
lesson wat is right n wat is wrong.but the matter is still there i never like to
chat vid that man nor i share jokes,ma personal talks or his personal life i
just wanted to teach him something but time didn't give me opportunity to
teach him something n i left all the things he still wanted to talk but i quit ??
do u think it is also good or should i prepare my lectures again to teach him
something good which is benefical for his life forever....??????

ohh its too long to read sorry if i have wasted ur alot of time.....

well this is my university id so i dun like to use my personal name here.but i

have id vid ma personal name on hotmail n gmail.

Looking forward for ur reply n hope to disturb u again n ll discuss something related to dreamssss...

All da best for ur life n keep it up for ur website efforts.
May u give the best to ur readers.
God bless U n Ur family

Salam, Khairoon Rizwana

Thank you for completing the 'Get a Dream Interpreted' form on my Site: www.freewebs.com/drumarazam

I post people's dreams and my interpretations of them for the purpose of the dissemination of knowledge in the specialist and little-known field of Islamic dreams. If I use your dream, and this reply, on any of my Sites, I'll change your personal details so that you cannot be identified. Conversely, I don't think you will be able to identify anyone whose correspondence is already posted!

Regarding the interpretation of your dream,

If you dream of a known house, that can presage the loss of the goods of this world because of irresponsible conduct and thoughtless spending. (Ibn Sireen [R.A.] Dreams and Interpretations p. 35)

So it seems as if someone behaved in a reckless way in that house, which explains why your other dreams about it are unpleasant. I think your dream could be an instruction to pay for a khatam at the dargah with a request that a Dua be

recited so that Allah Most High remove the emotional distress of the time in that house from your memories and feelings.

Interesting dream, Rehmana

The chandeliers represent your expectation of future happiness. You will be financially well-off with your

husband [attractive colour of shoes]. You may be unhappy with him at times [popped balloon, bathroom]. But you will not tell your family of your problems, keeping them private [closing door].

These symbols are not exactly in dream interpretation books but I think I've learned to interpret dream generally [getting the gist of them] from all my experience of interpreting so many dreams of others over the years! Also, I think it's better to have a go at interpreting the dream than to give a negative reply e.g. 'sorry this dream isn't in the books...' etc.

Defect in the eye = defect in religious behaviour [Ibn Sireen R.A.]. So it seems that, unfortunately, your husband takes the side of his own relatives in preference to you. As a wife, your duty is to be patient and bear with your husband; you will get your reward from Allah Almighty in the Akhirah. It could be a test for you from Allah Most High.

thank you very much for interpreting my last dream, i taken your advice into consideration and keep my distance.

i have seen another dream wich io am also quite worried about.

i saw me my husband and brother in law were sitting in the dining room of my house. my brother in law was sitting quite a distance in front of me with his back turned. my husband was sitting double the distance away from me, in front of my brother law, facing us. there were also other people sitting in the room talking. when i spoke my husband denied what i said and tried to put it to aside. he was wearing big black glasses and his eyes were shocking red.

in real life he denies everyword i say but the shocking thing is that hes wearing big balck glasses, however he his sitting quite a distance away but his eyes are red.

thanx for sending me the attachment SELECTED ISLAMIC CORRESPONDENCE VOLUME 2.

could you please interpret these 2 dreams for me. please.

i was meant to be going to the school prom but i didnt go. but this muslim boy in my class who had gone to the prom really stuck out in the crowd he was wearing an oversized royal blue coat.

i was then sitting at my grandmas house in a room by myself watching tv, wrapped in a blanket. my mum came in with a transparent glass jug containg isbaghol husk mixed with water. i cupped my hands and she poured it into my hands. i then drank it. then my dad walked in with a bottle of milk and poured that into my hands and i drank it. he then said

"we have to change your name what do you think of Zulfiqar Rabia Qureshi"

in the other dream i also saw the same muslim boy, it was in one of my lessons, i went over and helped another person in my class , after a bit i saw i was drawing a black mark around 3cm in diameter ontop of his knee and he didnt even notice.

thank you

Salam, Hoda

Many, many congratulations on setting up 3 places in Sohag and around it as a school for memorising the Holy Quran. You will get the cumulative reward in the grave and the Akhira for whoever learns and memorises our Holy Book in these places.

I've had a look at your Site www.darehabib.com and it is completely in Arabic. My first suggestion to you is to have a translation facility: icons at the top of the page with flags: so if someone clicks the British flag, for example, the whole Site opens in a new window in English. Other widgets could be for French, Spanish etc.

Why not send this email of mine to whoever is building and maintaining your Site, so that my advice can be implemented?

To see the Holy Quran in a dream means that you are correctly guided in Islam. To dream of reading the Surah Ya Seen means that you are an orthodox [correct in the authentic way] Muslim. The bazurg, Quran Majeed, Surah Ya Seen, cards all mean, in my opinion that, whoever you eventually marry, you will have the Blessings of Allah Most High. Congratulations on your intentions and piety!

The best thing to do would be to choose your own prospective husband but get your parents to endorse your choice & arrange your wedding.

You are correct. This is a literal dream because those who have passed away cannot speak falsehood! Your family should financially help your aunt's family if possible because she is genuinely in need.

Dr. Umar,

Good Day!

I need dream interpretation:

My mother dreamt last nite:

"she saw my aunt (widow) that she said I have no money, we have nothing to eat so mom gave her 1000rupees to get some food.

My aunt son also asked mom we have nothing to eat & he was eating some dried potatoes, so mom gave him 20 rupees,

also his wife asked so mom gave her 100 rupees to get some breakfast for all.

then my mom saw my uncle (late) he came , so mom asked him to come with us as there was nothing in home to eat.

so lets come us to our home & have lunch/dinner and then come back for rest."

can you please tell me interpretation?

are they need some money..or are they in some problem?

wat about uncle? he died 3-4 year back.

A soft copy of the Panjsurah Shareef is not available on the Internet, possible because of copyright restrictions. I can't afford to post you a copy because I'm doing Islamic work fi sabil illah and not getting paid. You can order a copy [not expensive] from:

http://www.islamicgoodsdirect.co.uk/product_info.php/products_id/627

However, some parts of the Panjsurah I have put on my Sites. The Taweez I have put in PRACTICAL ISLAMIC ADVICE on www.dr-umar-azam.com and the SEVEN HAIKALS and SIX KEYS on <http://dr-umar-azam.weebly.com>

Thabks v. much for your comments, Rabia. You're right, I edited out the correspondence that was complimenting my efforts because my intention is to present only that correspondence which is valuable to readers — gives new information and useful hyperlinks. However, because I have numerous Sites and therefore plenty of space, when there are enough comments, I'll probably make a new file publication entitled: Readers' Comments on Selected Islamic Correspondence — Volume 2. Thanks once again. Why don't you look at my other Sites and sign the Guestbooks with your comments on material on those particular Websites; see full list on home page of <http://dr-azam.weebly.com/>

As Salaam Alaikum

Thanx for the interpretation.
My views on Selected Islamic Correspondence - Vol 2
Its a well constructed file and quite easy to follow. However, it seemed quite like
correspondence 1. I've learnt alot from it. Have you taken out most of the praise, that
you'd been given. It's much better with it in.
CONGRATULATIONS for all the awards.
You deserve them.
