Wa laikum salam, Hina

I'm quite busy.

1. Helicopter exploded - big problems and difficulties in life faced by you/your family

Family reciting Quran and praying - the iman or faith of your family in Allah Most High will see you all through, Insha'Allah.

2. Your University classmate could be going to foreign countries.

3. Aeroplane above balcony - your life will get successful despite your fears.

Salam Dr. Umar,

How r u?

I have told u before that i often saw plane-crash in my dreams,

last night i dreamt and it was a very deep dream,

""

it was like fajir prayer time, and i dont remember, but i guess i had done wadu and came out from washroom then i saw in the window, a plane was flying(very lighted & its size was like 1 feet),

then suddenly it hits helicopter(which was also flying near it), and then helicopter exploded.

when I was watching this all, i was saying continously that, i always see this in my dreams only but now its in real.

then i went to another room, where all of my family members were recieting quran or praying .

so i told them about plane crash, then i saw outside my window, so some of the people were going there to see wat happened.

then the scene changed and i saw one of my university-fellow, that someone give him some chinese food and he ate one or two spoons , so that person asked is it ok with the taste? salt is ok? so he was like umm confused, so i start laughing that he dint know .""

one night i dreamt,

""that i was in my balcony,(my apartment is on 7th floor) so i saw aeroplane just above my balcony, so its size was so huge, i was afraid, but it landed on roof of our building. no harm ""

Kindly let me know all dreams interpretation.

Regards,

Hina

It seems that your sister is homesick for Pakistan but all that will change after someone's wedding - yours or hers.

Pigeon

To see a pigeon in your dream, suggests that you are taking the blame for the actions of others. Pigeons also represent gossip or news. You may be expressing a desire to return home.

Salam Dr. Umar,

we are in saudi arabia rite now.

My younger sister have seen this dream last night, and she wants to knw interpretation:

"" she saw me that i was complaining one guy(in actual that guy resides in front of our previous home, we had left that house for almost 10 years and that house is in pakistan) about his misbehaviour to my father.

scene changed: she was on the roof of our previous home with her brother and cousin, one pigeon (white colour) had some problem in his wing and he couldnt fly and he lied down to our roof, so her coz and bro was trying to catch it but she stopped them and kept saying dont catch it.

then a large group of pigeons started shouting and was making alot of noise, and was

trying to help their fellow and one of them was diving near the pigeon.
but wasn't hitting it. when one dived it lied on the floor(near injured pigeon) as it was dead(or in the state of anathesia). and some others were doing the same thing and rest of the pigeons were just flying.

suddenly she and her bro saw, that pigeon (the one was injured) died and there was a small pool of blood around him then she and her bro went downstairs.

scene changed again:

when she came downstairs, she was in her present home(pakistan) and she saw some people(new faces) and our family and there was a party in regard of fixing my proposal and all. everyone was very happy and enjoying.""

Kindly let me know interpretation.

Many Thanks and Regards,
Hina

Assalamualaikum

Dear Dr Umar Azam

I hope this message reaches you in the best of health and iman.

I write to you from Islam Channel offices regarding a documentary we will be filming about dreams and Islam.

The aim of the documentary is to discover the significance and meanings of our dreams as detailed in Qur'an and Hadith. Through the expert knowledge of scholars and academics like yourself as well as the personal experiences of Islam Channel viewers, we endeavour to shed light on the relevance of our dreams.

We would like the documentary to be accessible to children and adults alike so it will centre on a few questions and then go into further detail. The essential questions we have in mind are where do dreams come from? Do dreams have meaning and significance? What is the relevance of recurring dreams? And ultimately, why do we dream at all?

Having been an enthralled reader of your website I believe our documentary will be greatly enhanced by your participation. We would like to interview you at a location in or around London if possible. Unfortunately, we would not be able to pay you for your appearance on the show but are happy to pay your travel expenses and show your website address on the show.

Please let me know as soon as possible if you would like to take part or if you have any further questions.

Kind Regards
Naima Khan
Assistant Producer
Islam Channel.

No, I'm available on any date because I will move any appointments to a different date and give priority to the Islam Channel. I will probably lose money in my tuition work [I have recently began to tutor school-age pupils maths and English] because the entire day will have to be set aside for my journey to and from London, as well as the actual filming, but a **religious documentary is very important at a national level** and I am prepared to forego the tuition fees I would have earned if I am unable to reschedule lessons.

Wa laikum salam, Haseeb,

First Dream

You really like this girl; that's why she appears in an attractive way in your dream. She probably does like you but her life is going to take a different course from your own [breaking free in the dream]. But her life will be getting much better – promotion [symbolised by the ladder] and more wealth [big building/ground swept clean]. Maybe she will move to another city or even country.

Second Dream

This dream is emphasising the depth of your love for this girl. If you were destined to marry her, you two would make a good match [people laughing and giggling].

It should comfort you that she does have affection for you but **is not able to** marry you. This is not necessarily a bad thing. The first stages of love between two people are always the sweetest: the difficulties come later. Allah is Merciful: when something doesn't happen, it is because if it *had* happened, then the person would have regretted it! For example, if you did marry this girl and she hurt you by having an affair, you would bitterly regret marrying her! When problems do arise in her life, we *can* overcome them because Allah never puts on a soul a burden greater than it can bear.

So you should thank Allah at all times and consent to your destiny; it is always best for you. If you get her, fine. If not, thank God that you have been saved from something dreadful that would have happened in the future. Then look for some other girl to make your wife.

Stifling crowd = problems caused by your relatives Your getting out of the crowd =
Problems eventually getting solved

Crowd

To dream that you are in or part of a crowd, signifies that you need to make some space for yourself. You need solitude to reflect on a situation at hand and recharge your energy. Consider also the familiar phrase of "going along with the crowd" which implies conformity and lack of individuality.

To see an unruly crowd in your dream, signifies that the worries and problems around you are pressing in on you. You will be be greatly distressed.

To see a happy, orderly crowd in your dream, denotes assured happiness, pleasant friends and opportunities for advancement.

http://islamedia.ws/Dream_Dictionary_-C_-M

I should think that the religious frames with Fahad's name on symbolise your pure intention i.e. to get married lawfully with him, and your true love. However, the fact that the letters did not spell his name in order means that there is confusion and trouble surrounding your desire for him.

Yes, do consider him and keep your options open. If you are destined for

An elephant symbolises an enemy; plenty of calm enemies would represent many enemies no longer having the power to harm you.

Dreaming of Surah Al-Kauthar means that you will become prosperous in the future, Insha'Allah and the enemies will have no riches or influence. Give thanks to Allah by doing Sadaqa or Qurbani.
